#### 1 Risk Based Assessment

This manual is for the Compliance Inspection under The Shops and Establishments Act.

#### 1.1 Classification criteria

The Factory/ establishments will be categorised in High risk, Medium risk & Low risk entities based upon following risk parameters.

Table 1: Classification of Low Risk, Medium Risk & High Risk establishments in terms of verification required and deadline

Risk Parameters	Low Risk	Medium Risk	High Risk
Hazardous/Non-	Non-Hazardous	Non-Hazardous	Hazardous and
Hazardous			extremely hazardous
Lockouts/Strikes/Accident	No	No	Yes in any one area
Number of workers	Less than 250	More than 250	NA
Type of Inspection/	Exempted	Third Party	Departmental
Certification Required		Certification	Inspection
Deadline	30 June	30 June	30 June

The following link has the risk criteria to assess the risk in a unit/establishment http://www.cglabour.nic.in/ShramAyukt/EODSERVICES.aspx?ID=8

#### 1.2 Risk classification based inspection procedure

**Low Risk Industries**: Low risk industries are exempt from inspection. However, the department on a random basis through computerized based allocation will inspect 5% of the low risk industries.

*Medium Risk Industries*: The medium risk industries will have the option of third party certification and these units will be exempt from departmental inspection. The deadline of submitting the Third Party Certificate is 30<sup>th</sup> June of the year. From the industries not opting for third party certification, 20% of medium risk units/establishments will be inspected on random basis through **computerized based allocation**.

*High Risk Industries*: High risk industries will have mandatory departmental inspection for all labour/factory related compliances.

## 2 Inspection/Verification Procedure Steps
